Cistern Rocks

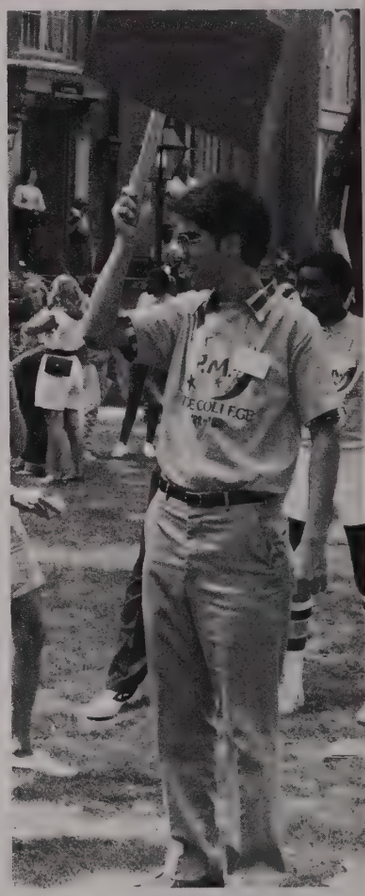
College Union Board sponsored the Otelops (SPOLETO spelled backwards) Festival April 11-17, 1982. This week long series included movies, concerts, beer busts, and other special-interest programs. On the 17th, Union Board invited the Dregs (backed by the Parrots and Charleston Bluegrass Society) to perform. The Dregs delighted students with their own special brand of country rock. The beer flowed as students and the local community turned out to see an annual event that has become a tradition here.

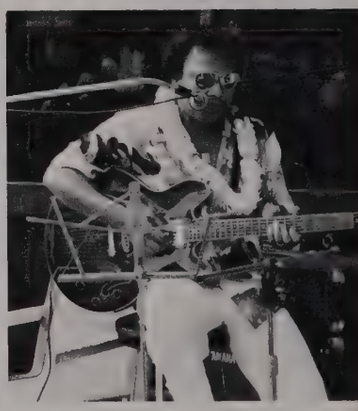
ORIENTATION '82

Freshmen Find Their Way

A Hawaiian luau, a talent show, and a harbor cruise, as well as an opportunity to get acquainted with the College; all of these were waiting for the incoming freshmen as they checked into their dorms on Sunday, August 22.

Sunday, Monday, Tuesday and Wednesday of Orientation Week students were introduced to their mentors and attended special meetings according to their interests. Thursday and Friday, students were allowed to pick up schedules and register for classes. 750 freshmen were pre-registered according to placement tests; this helped keep the crowds and the long waits down at Fix-up.





COLLEGE
'82-'83

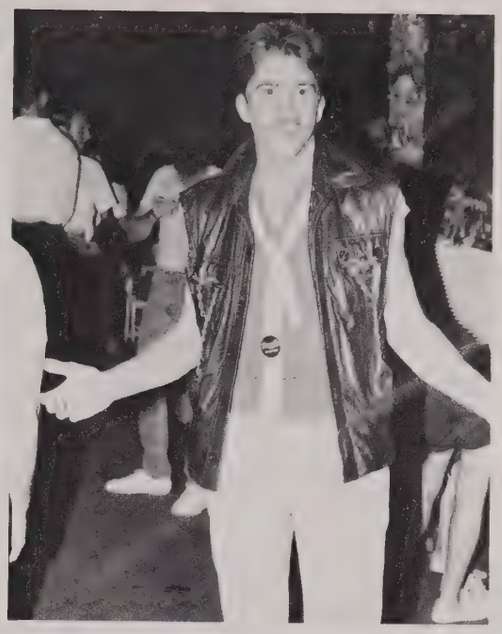
BULL BASH '82

Good Times, Good Music, Lots of Bull

Bull Bash.

Those two words have come to mean good times, good music, and plenty of beer to us.

This twice-a-year blowout means different things to different people. For freshmen winding up a hectic Orientation Week, it's a chance to unwind. For others, it's a chance to renew old friendships and make new ones. Sigma Nu fraternity "outdid themselves once again" in the latest Bull Bash, held last August 28 in the gardens, with music provided by Child's Play.



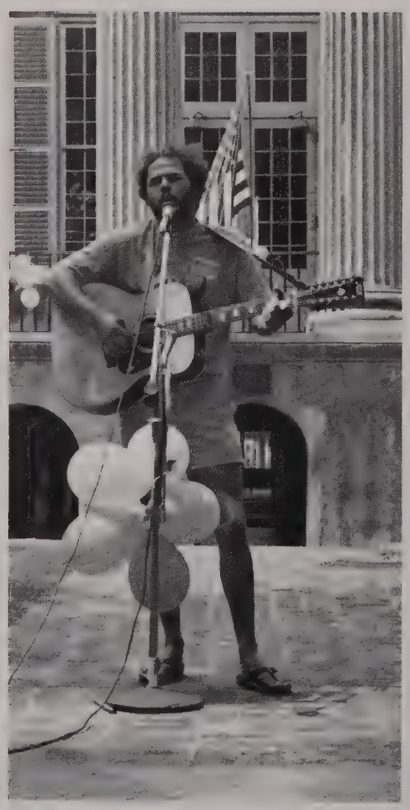
Concerts Offer Variety

BUFFET, BANDS, BACH

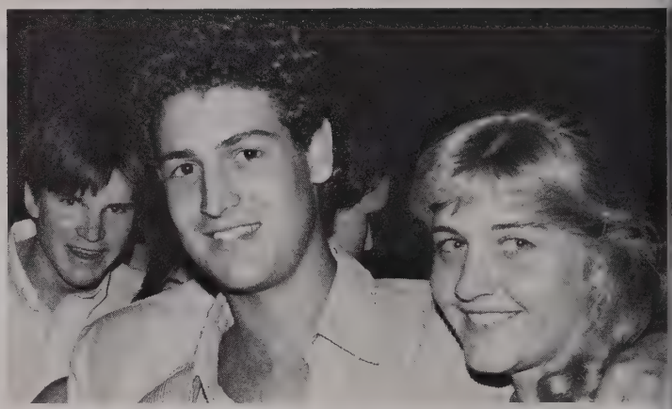
By now, the word "Showplate" has become a fixture in our everyday speech. Every Thursday, during "Dead Hour" (12:05-1:05), the Union Board Concert Committee brought a local artist to perform for our education and enjoyment.

Performers such as the Goodtime Cloggers, pianist Kier, and the comedy troupe "Screaming Memes" have performed Thursday afternoons in the ballroom.

Union Board was also the group that brought us the sellout Jimmy Buffet concert last April, several "Child's Play" concerts, and the "exceptional performances" by the Parrotts and the Producers this past September 3 and 4.

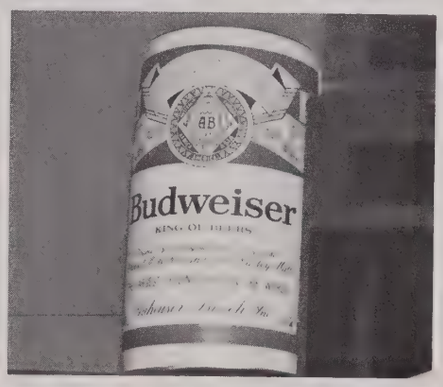


Great Parties Start At Gaillard

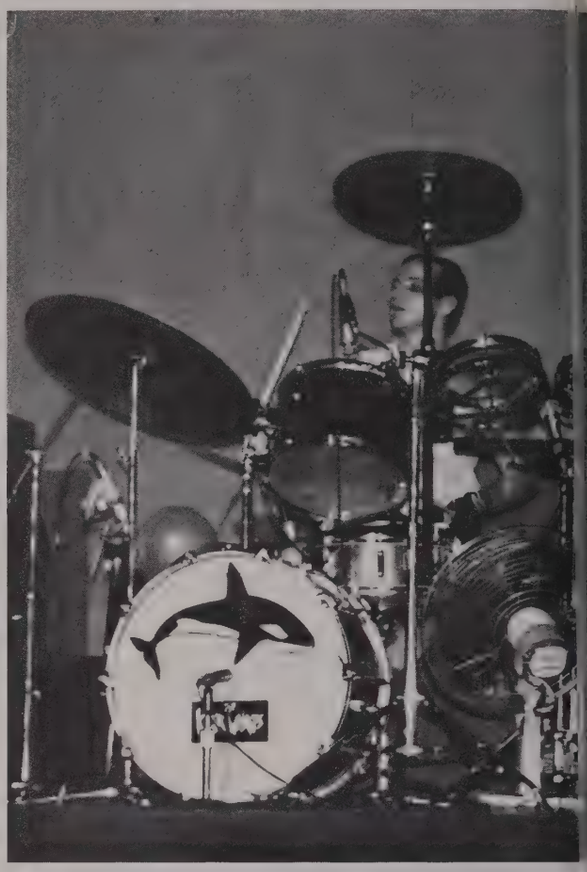


Gaillard Auditorium is a necessary ingredient for a great party. Anyone who has been at this school for any length of time has either heard of the famous events there or has been to at least one of them.

Friday, September 17 was the date for the traditional Back to School Dance. The Catalinas provided excellent music, but the tremendous appeal to some lay in those four magic letters; BYOB. 8 days later, the Bud Flood ($1.00 admission, all the beer you could drink) was also a huge success.

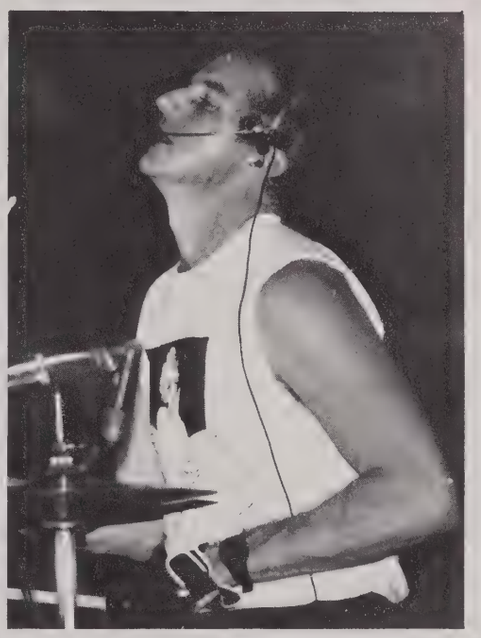


Tales Of The Whales



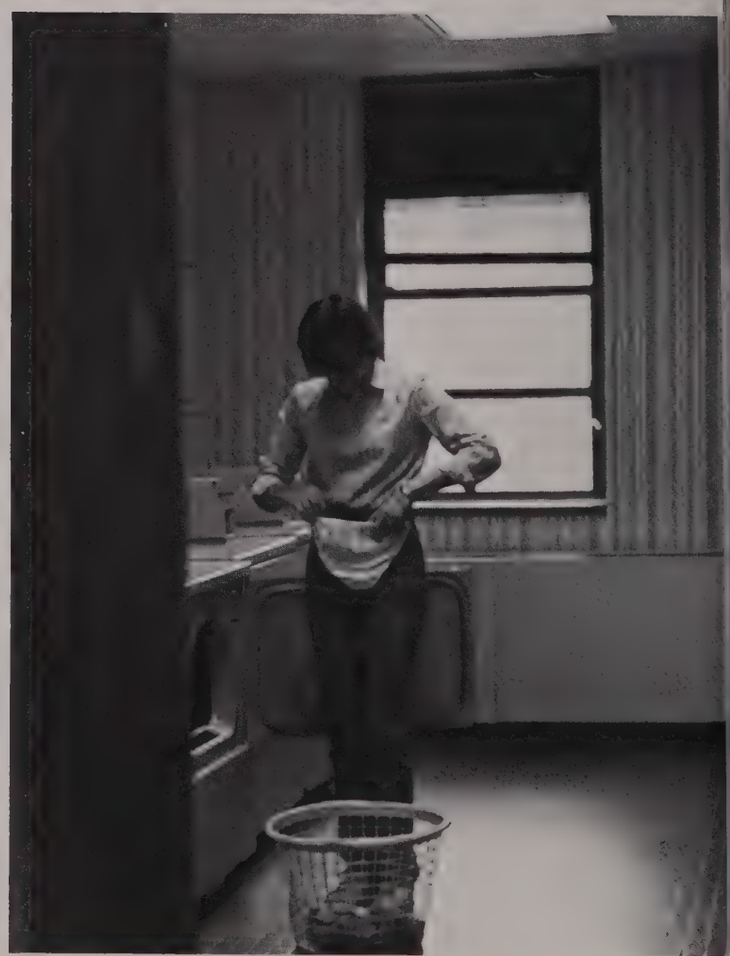
The Killer Whales. By now they've become a tradition at the College, and they lived up to that tradition in last November's concert at the SSC Ballroom.

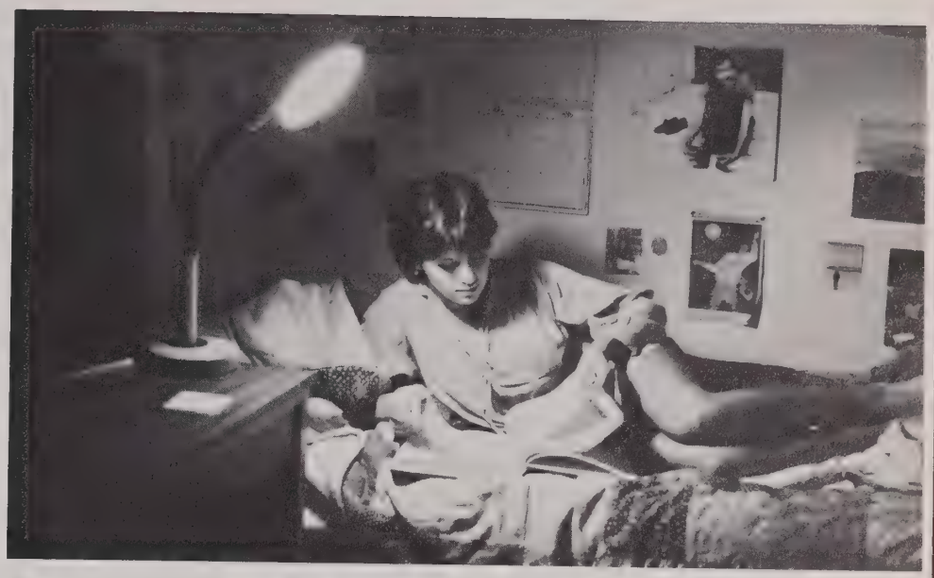
The Whales played to a packed house of about 400 for almost three hours. "Marlene," "Robot Girl," and the ever-popular "Psycho Killer" were among the most-enjoyed pieces, acoustical problems aside.



Home Sweet Home

Campus life is not complete without living at least one semester in a C. of C. dormitory. Despite possible outside noise that may interrupt study time, dorm life can be very enlightening. One learns how to share living quarters, "war stories," problems, as well as a few laughs. The College has five residence halls as well as several houses available for campus living. Even though it is fun to talk with just the girls or party with the guys, many students are looking forward to next fall when three of the dormitories will go co-educational.





C of C's Revenge

In the dorms. In the classroom. Creeping like a mobile plague. They're everywhere. No matter how you try, you can't get rid of them.

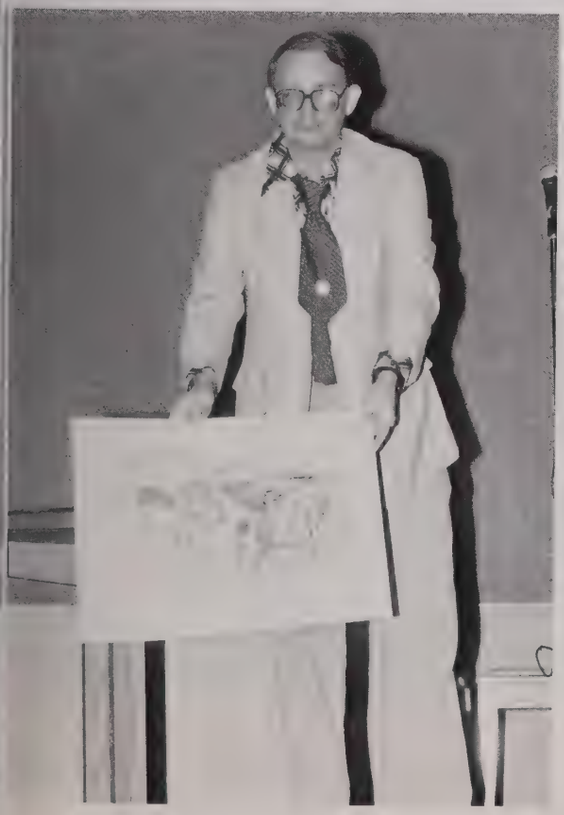
Roaches.

Alpha Phi Omega does their part to control the roach population at the College with the annual Roach-a-Thon, which includes such emotionally satisfying events as Roach Races and a Roach Stomp. October 1 was the date of this year's Roach Festival in the Gardens. With music provided by Joe College and the Preptones, the entrants (both human and insect) were ready to do their best; man and roach united for charity.

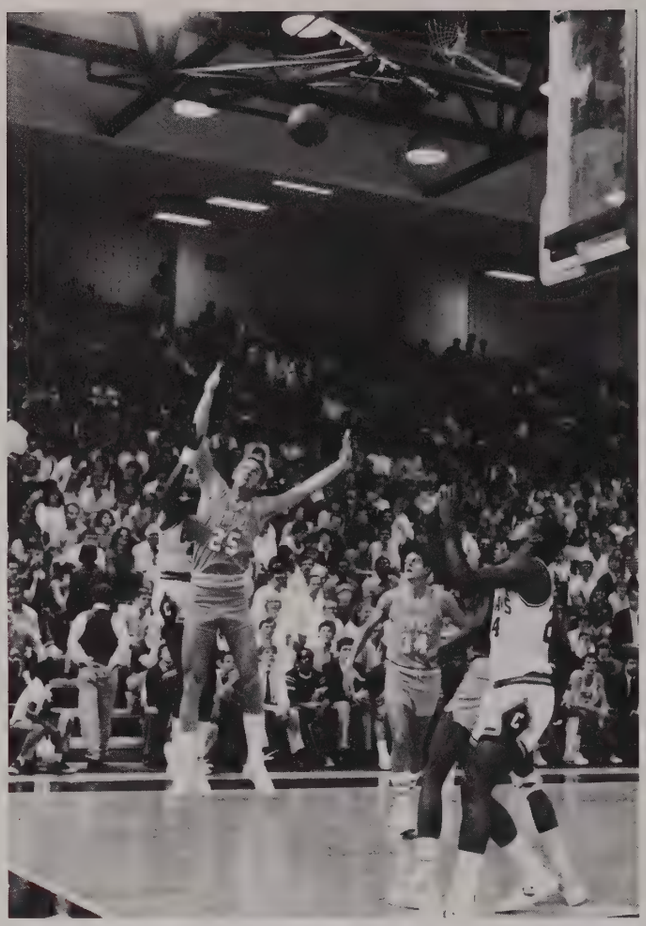
What Do I Hear?

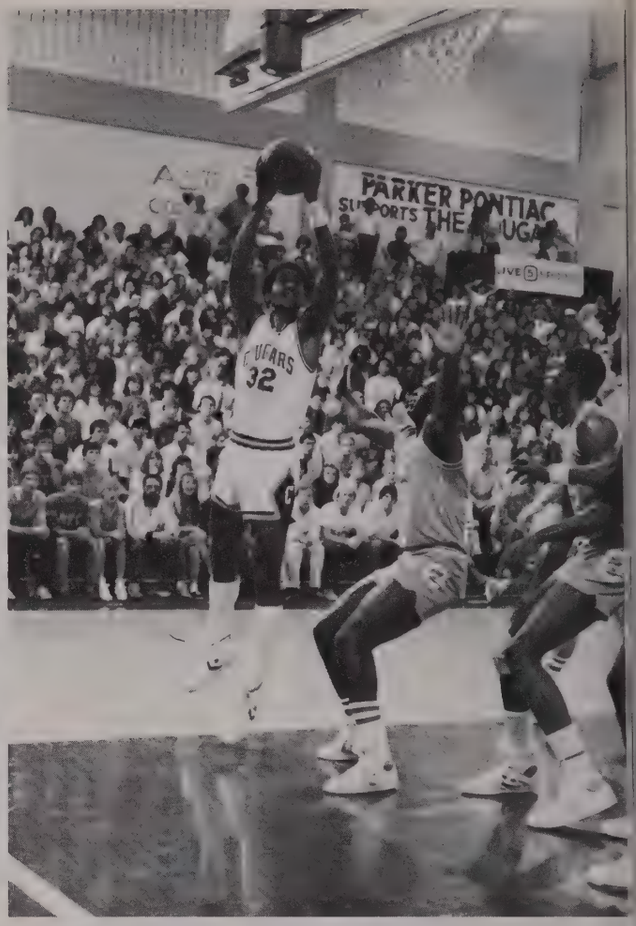
Homecooked dinners; French, Italian, Hungarian, and, of course, American food; works of art, lessons in sailing and a dozen other specialities; all these and more were available for sale at the annual Student/Faculty Auction, held October 8 in the SSC Ballroom.

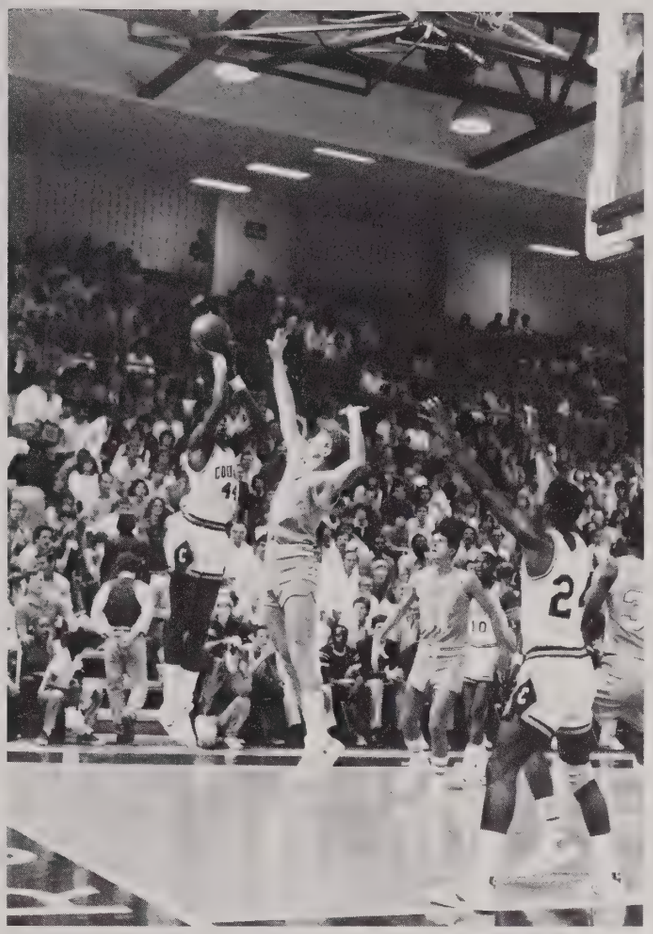
The Auction is held every year by the College of Charleston Scholarship Foundation to raise money for the Scholarship Fund. Dr. Godow was host of this year's extravaganza, in which Dr. Harry Freeman of the Biology Department "took the plunge" and offered his lab coat and traditional bow tie for sale (they brought a good price). In the homecooked ethnic meals category, the SGA Executive Committee stole the show by offering a French dinner for 4 with all the trappings (each member assumed the role of a different assistant; maitre'd, wine steward, etc.).



Cat Scratch Fever







The Cats sent the 'Dogs home with their tails dragging December 4 in the C. of C. — Citadel basketball game. Because both colleges are based in Charleston, the intense event had the gym bulging with its first packed to capacity crowd. To set the atmosphere, the cheerleaders sponsored the first annual "Knob Clob" party before the game. As expected, the Cougars showed their great talent by leading the way the entire game.

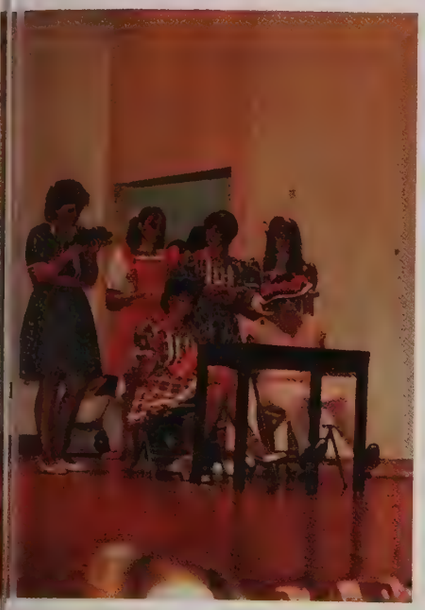
Before Your Very Eyes

"Bring Your Own Knife"

Webster's defines an oyster as "any of a group of marine mollusks with an irregularly shaped hinged shell, found especially on the bottom of the sea and widely used as food." For the people who attended Union Board's February 3 Oyster Party, the key word in that definition was food!

About 90 people braved the chilly weather on that Thursday afternoon to help dispose of steamed oysters — 25 bushels of them, to be precise. The affair was BYOK (Bring Your Own Knife), and roasted hot dogs were served for the more squeamish among us.

Pledges in the Spotlight



Everything from the history of basketball to Valley Girls to an extra-Cougar-terrestrial was represented at the Pep Supper Skit Night, held November 11 at Physician's Auditorium.

Chi Omega won first place in the sororities with a version of "The Grinch Who Stole Christmas," and Alpha Tau Omega took first place in the fraternities with the "C.T. Cougar Terrestrial" skit.

The next night (Friday, November 12), the Mighty Majors performed at Pep Supper in Gaillard Auditorium. Pep Supper is held every year at the start of basketball season to build up spirit.

Caught In The Act

Once again, Center Stage brought us a variety of dramatic and musical fare. Shakespeare's "Midsummer Night's Dream" was presented October 14-17 and directed by Dr. Robert Butler, Associate Professor of Fine Arts and Director of the Drama Program.

Harold Pinter's "The Caretake", directed by London's Stephen Hollis was presented December 2-5.

"Ladyhouse Blues" by Kevin O'Morrison premiered February 24-27, directed by Robert Butler.

April 14-17 saw "Cabaret" performed at the Simons Center theatre, directed by Dr. Arthur McDonald, with choreography by Robert Ivey.

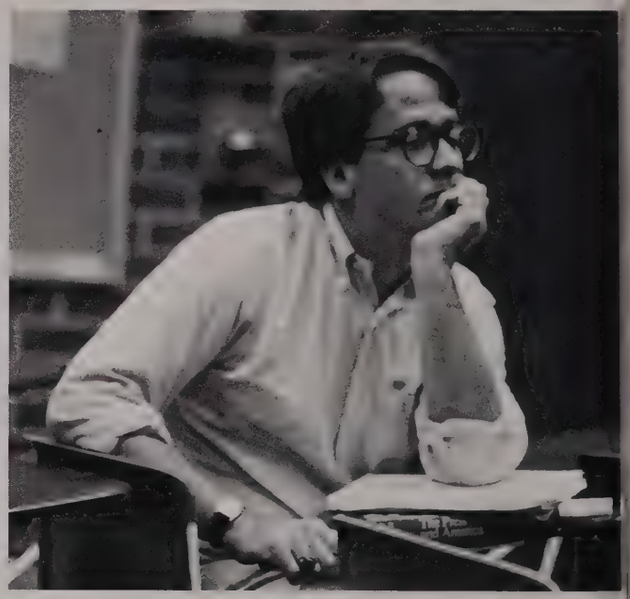
Center Stage players this year included Roger Wesley Belk, Charles B. Gee, Mark Mixson, Linwood Yarborough, Robert Stevens, Jamie Arbuckle, Edward A. Daniels, Harold J. Skinner, Richard Latham, Tracy Snipe, Meli Parker, Rebekah Rivers, Laura Early, Gary Towles and John Patrick.

Halloween

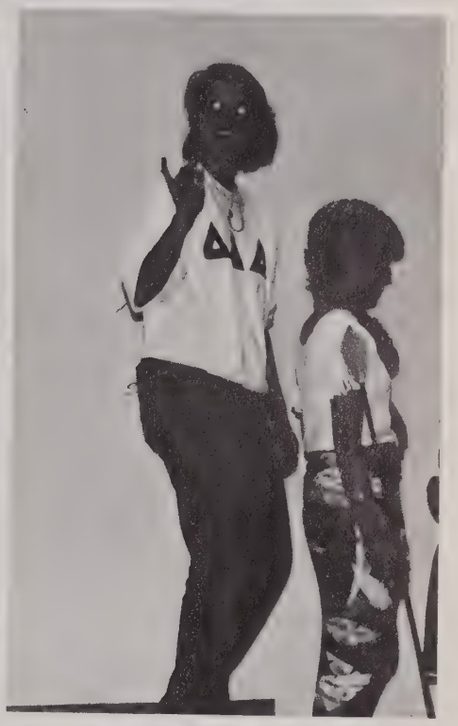
Spirits

Aliens, vampires, witches, monsters, sailors, all sorts of interesting costumes were present at Union Board's annual Halloween Party, held Saturday, October 30, in the SSC Ballroom.

As they are every year, the costumes were imaginative and varied. Punks, guerillas, even a sadist and masochist were depicted that night. Beer flowed like water; along with some good music by the Dillman Brothers, it helped create a memorable Halloween for us.



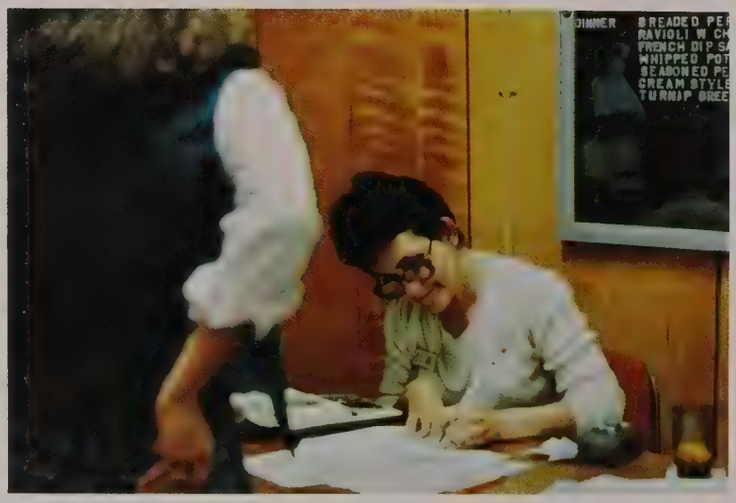
COKE



Just Like Mom's?

"For Wednesday's lunch, we're having vegetable soup, tuna casserole, pizza a la roll, hamburgers, peas, baked zucchini and apple pie for dessert," says the familiar voice when one calls "Dial-a-Menu." Thus, the College cafeteria prepares students for what it has in store for them.

Although many students dash in and out of the cafeteria for a quick bite between classes, some relax and have a social hour. Chances are that anytime one frequents the "Barfateria" (as it is referred to by some students), one will find a friendly face with whom to talk. Even if there aren't many students around, one can always expect a kind word from Judy at the cash register.



ADMINISTRATION AND FACULTY

Office of the President

This school year has been marked with extreme financial austerity. During the first semester, the State mandated a cut in the base state appropriation of 4.6%. Another 3% cut was imposed later for a total reduction of 7.6% in state appropriated funds. Concomitant with these reductions, we were faced with a 20% increase in utility expenditures while trying to respond to a 5.5% increase in enrollment. Through the cooperation, dedication, and efforts of the College community, we have managed to deal with the situation.

Interestingly, even during these times of severe financial restraints, we have experienced a year with the highest enrollment at this institution. Noteworthy is the fact that we achieved this with increased admission standards and our average SAT score for the student body was the highest ever in the history of the College of Charleston. Our continuing aims and efforts have been fruitful this year in making this an institution of academic excellence and distinction. We have attracted a faculty composed of scholars possessing the highest academic qualities. We have been fortunate indeed this year with the employment of Dr. Jacquelyn Mattfeld as the new Provost. She has brought with her a wealth of knowledge, experience, and leadership. Also, a reorganization of the administrative structure has been accomplished as a means to better serve the College community.

Along with our favorable growth academically, we have witnessed progress in many other areas. Our sports programs have excelled, and we can all take pride in our winning teams; especially, both our men and women basketball teams.

This year reaffirms my belief that the true soul of an institution is shown in adversity. With all the bad resulting from poor economic times, we have had a very good and rewarding year. I am confident that the future of the College of Charleston is just what we want it to be.

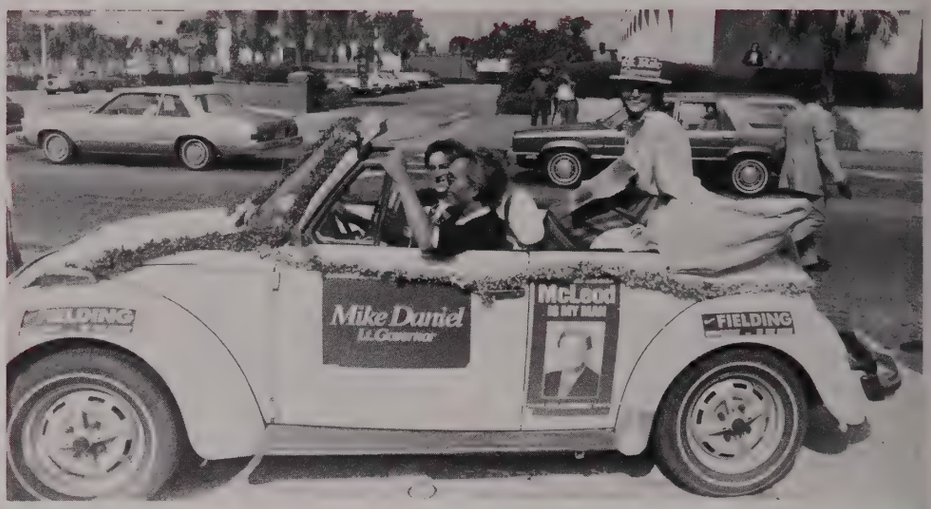
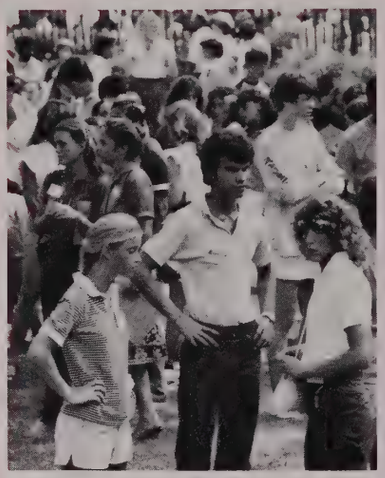
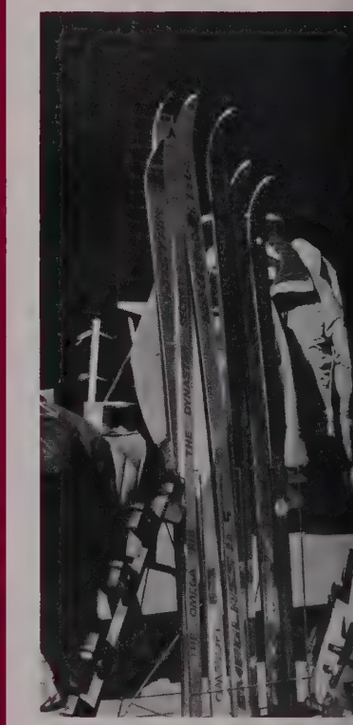
ORGANIZATIONS







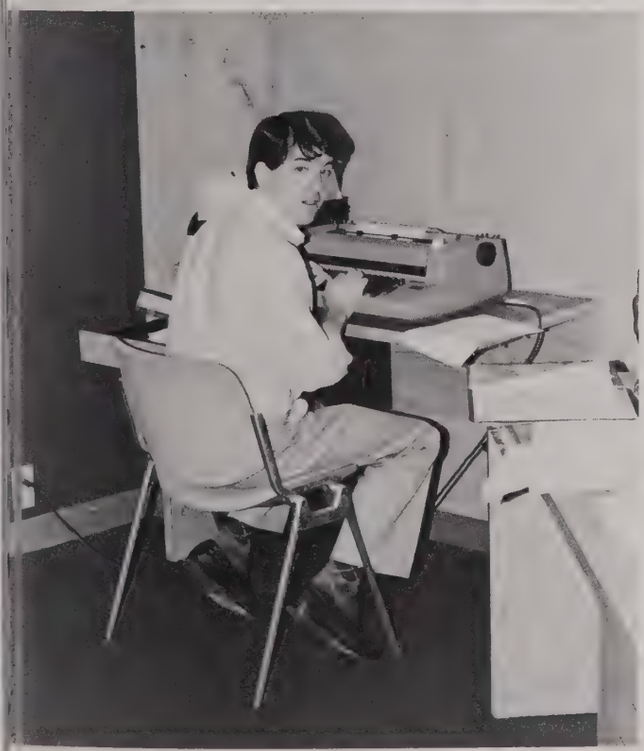
Sierra Club

Student Government Association

The Student Government Association is, simply put, "students serving students." It is made up of the Executive branch (the president, vice-president, secretary, treasurer, and speaker of the senate), the Legislative branch (the forty elected class senators), and the Judicial branch (the Judicial Board, whose function is to uphold and enforce the College's Honor Code).

According to Susan Olson, SGA President, the "focal points for SGA efforts for the '82-'83 academic year include: working with other institutions of higher learning to establish higher educatios as a priority item with our state legislators; facilitating intra-campus communication among faculty, staff and students; and allocating over $87,000 in student activity fees to campus clubs and organizations."

Doug Ashmore is this year's vice-president. Treasurer is Blake Myers, Secretary is Tara Anderson, and Kathy Daniels serves as Speaker of the Senate.



MENTAL W

College Union Board

If you've ever seen a Sunday night movie at Physician's, spent Tuesday lunchtime in the Ballroom listening to a Showplate artist, or attended practically any other major activity on campus, you have the Union Board to thank for making it possible.

The Union Board works to provide a comprehensive program of social cultural recreational, and educational opportunities for the students. David Shillington is this year's president.

When looking through the Comet, the question has arisen of how the yearbook was named. Originally, the book was called *The Maroon and White,* a named derived from the College's school colors. However, captured by the spirit of the Twenties, the 1922 staff decided that it needed a more sophisticated name. One staff member noticed that students standing in line on the cistern were shaped like the elliptical path of a comet. When he mentioned this to the '22 staff, they decided that the Comet was the title for which they had been looking.

With Sharon Weeks as editor and Eddie Barker as copy editor, the '83 Comet has adopted a style deserving the College of Charleston.

Preschool children are not normally associated with college life, but the children at ECDC are extremely important to C. of C. students. Owned and operated by the school, the Early Childhood Development Center is presently under the direction of Ms. Marge Humphries.

On the average, one-third of the children in the special daycare center are the offspring of students, one-third are children of the administration or faculty, and one-third are children of the members of the surrounding community. The children study academics, exercise, and learn to cook as well as interact socially. Students from the college volunteer to work with the children. ECDC cooperates with psychologists and education professors in studying the development and social interaction of the children.

ECDC: Helping Children To Grow

SUMA

SUMA (the Student Union for Minority Affairs) has an estimated membership of 125 this year. It exists to "encourage the academic excellence among students; to promote moral, spiritual, and cultural growth; to enhance the social environment on the campus and community and to promote service in the public interest." They are striving this year to support the SUMA scholarship fund and to ensure proper recognition of Black History Week.

President is Larnell Leverette, with Bill Coleman serving as vice-president. SUMA's advisors are Roy Jones and Chip Jackson.

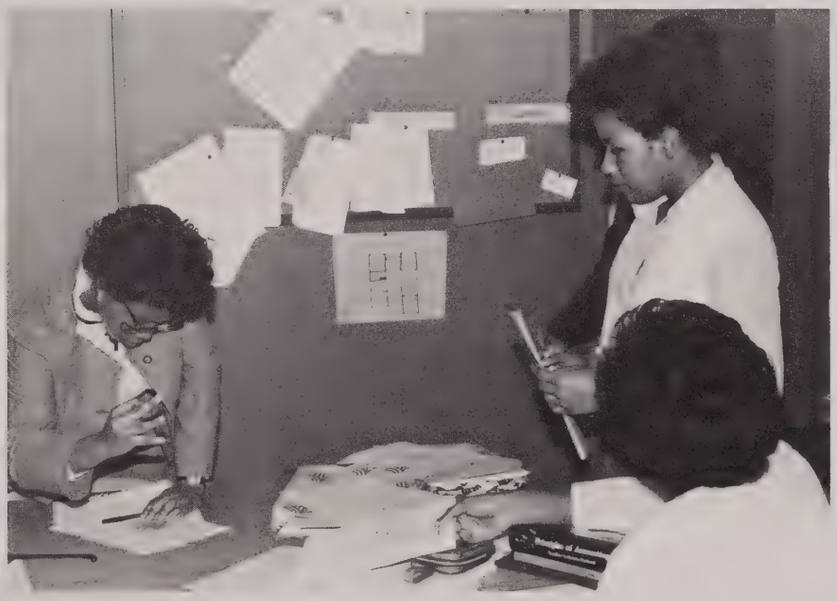
MIDDLETON PLACE

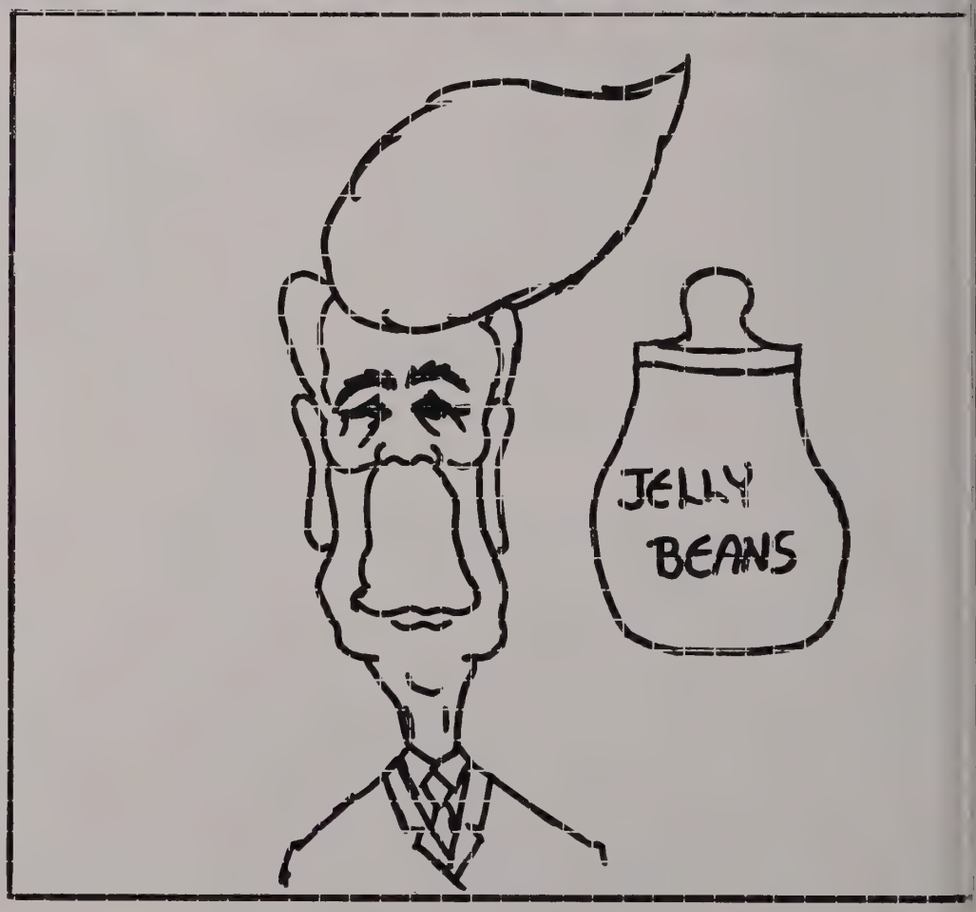


College Republicans

The College Republicans was formed to promote conservative ideas on the college campus, to encourage voter participation, to support Republican candidates, and to educate the public on important political issues. Gary Lee Croy is chapter president of the club, which has about 62 members this year. Perennial presidental candidate Philip Crane will be speaking here next semester, courtesy of the Republicans; Tommy Hartnett spoke last fall to an enthusiastic audience.

Buddy Ray and Mary Henrikson serve as advisors.

Karen Catoe, Lisa Roberson, David Shillington, Valerie Monatis, Jody Trout, Emily Bailey, Margaret Collins, Dellia Smith, Stephanie Muller, Joe Wesberry, Michelle Batchleor, Buddy Ray, Carrington Edmunds, John Mossalon, Pamela Williams, Bill Brazer, Martha Sue Barnes, Gary LeCroy, Francis Montgomery, deLille Jett, Candy Morgan, Suzanne Prah, Rick Phillips, Mary Katherine Rogers, Jennie Fulsom, Lisa Chavis.



Young Democrats

Just as the College Republicans were formed to promote the Republican party the Young Democrats' primary purpose is to promote the Democratic party through social, academic, and leadership programs here at the College.

Alpha Phi Omega
Omicron Delta Kappa

The name sums it up — Alpha Phi Omega Service Fraternity. With a total membership of 90, the chapter's purpose is to be of service to the college and the community.

A Phi O sponsors the Roach-A-Thon each year (this year's raised $2000 for charity), offers services to Charles Webb Rehabilitation and to the Jaycees, as well as the Boy Scouts and to SGA (serving as poll workers).

Emily Bailey is this year's president.

Omicron Delta Kappa, a national leadership honorary society, is based upon scholarship, leadership, and service. It was established at the College of Charleston in 1975, and has an estimated membership of fifty-five. Students who meet ODK's admission requirements are "tapped" into the organization twice a year; once at Pep Supper Skit Night in the fall, and again during Songfest in the spring.

Skip Edmonds is this year's president.

Honors/Psi Chi

IRAC/Accounting Club

IRAC (Inter-Residence Area Council) is a group under the supervision of Student Affairs that sets rules and regulations for the dorms, makes periodic inspections, and settles disputes between residents.

The Accounting Club's purpose is to further advance the study of accounting and business-related subjects to the students of the College, and to apply these concepts in practical situations.

Psy. Ass'n/Council For Exceptional Children

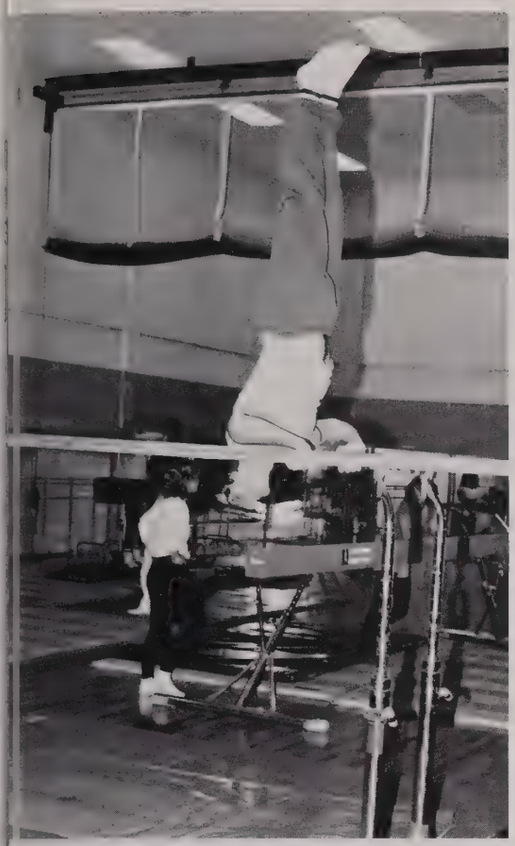
The Psychological Association exists to promote the field of psychology on campus and serves as a means of learning about psychology outside of the classroom. Membership is open to anyone interested in psychology, not necessarily just majors in the field.

Row 1: deLille Jett, Emily Bailey, David Hamlin, Dr. Paul Holmes, Martha Kornahrens, Bruce Van Der Melvin, Daphne Fennell, Jeff Pritcher, Anna Ferrucci, Fran Davis, Debbie Rollins, Mandy May.

The Council for Exceptional Students is a group on campus made up of elementary education majors whose special interests lie in developing and enhancing the potential of the gifted and special child.

Physics Club

Alpha Chi Sigma



P.E. Majors

The purpose of the Physical Education Majors Club is to provide useful opportunities and experiences to students interested in the field of health, physical education, recreation, sports therapy and coaching, through such activities as films, guest speakers, discussion of issues in the professions, and attendance at state, district, and national meetings. President is Pat Putz.

Row 1: Mrs. Thomas (sponsor), Alison White, Sandra Yon, Karen Ott, Sylvia Davis, Pat Putz. Row 2: Terry Ward, Jim Johnson, Darryl Baltimore, Gram Salley, Greg Tucker, Pri Hills.

Scuba Club

The College of Charleston Scuba Club was formed for the purpose of promoting interest and encouraging participation in skin and scuba diving for scientific and recreational purposes, to bring club members into the awareness of the diving potential of surrounding areas, the jobs open to them in the field of diving and to advance safety and appreciation of diving.

Jeff Seel is president and Betsy Sikes is vice-president of the forty-five member club, which sponsors lectures, diving classes, and river diving expeditions. The steering committee is composed of Scott Poaps, Steve Wenzel, and Dan Davis, with Bill King serving as advisor.

PM's: Here To Help

When you first set foot on campus during Orientation, you couldn't figure it out — did the "P.M." on their shirts stand for Prime Minister? Or were they just "night people" and wanted everyone to know it? It didn't take long to figure out that it stood for Peer Mentor and that the people wearing these shirts were the hub of a unique program that matched up incoming freshmen with older and (hopefully) wiser volunteer upperclassmen.

The program started in 1978, with a proposal by the SGA Academic Affairs committee. The plan was well received and implemented almost immediately with the first week-long orientation program. Many freshmen who went through the first PM orientation signed up to become PM's the next year, and this has helped to keep the program "self-perpetuating," according to Dr. Frank Van Aalst — director of the program.

Dustan Sails The Amazon On The Calypso

Dr. Phillip Dustan, Assistant Professor of Biology, was the only American scientist aboard the Calypso as it sailed up the Amazon River last May.

The Calypso (which is the research vessel of the ocean explorer Jacques Cousteau) was conducting what was believed to be the first large-scale survey of the Amazon's productivity. The Amazon is the largest river in the world and runs through the heart of the world's richest tropical rain forest.

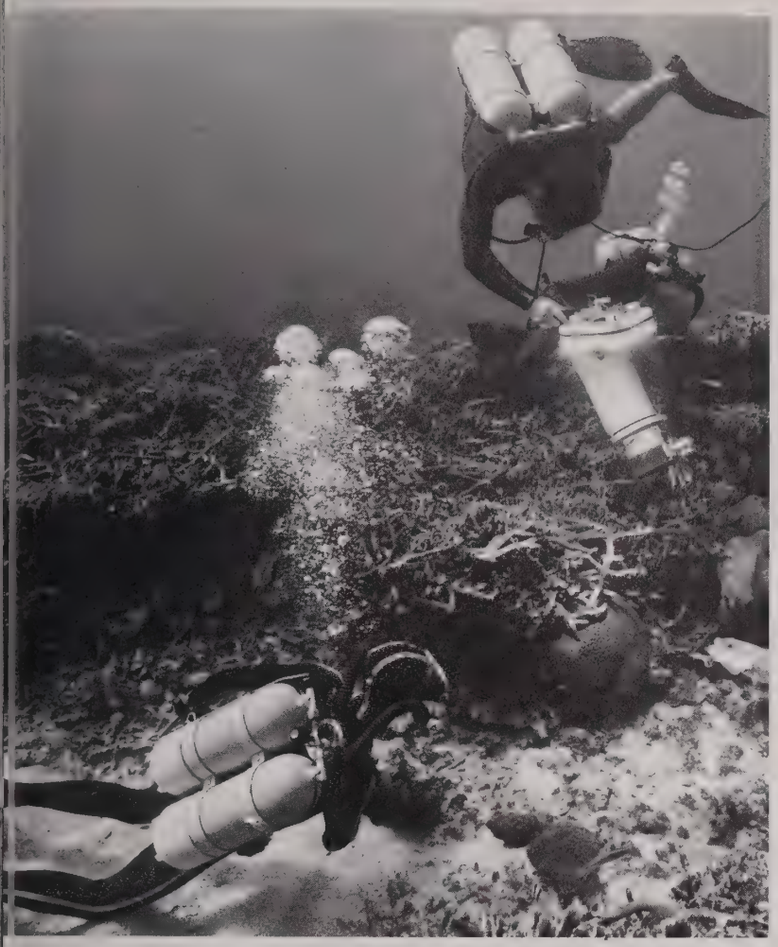
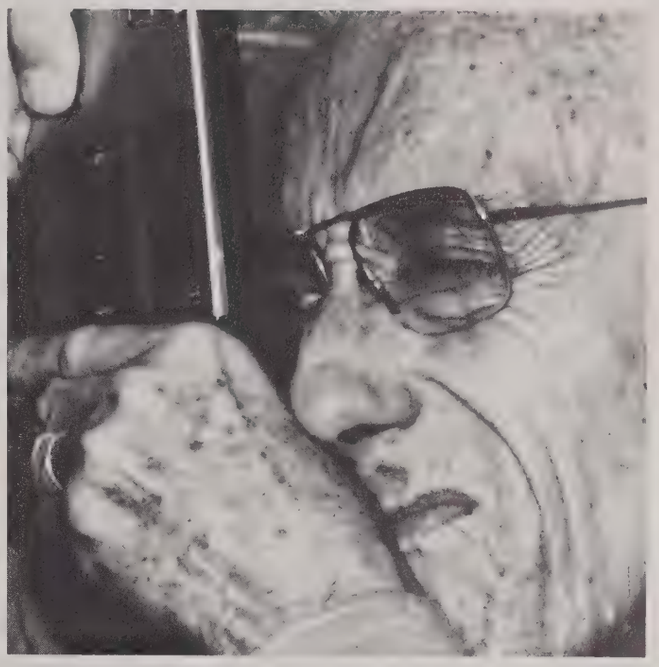
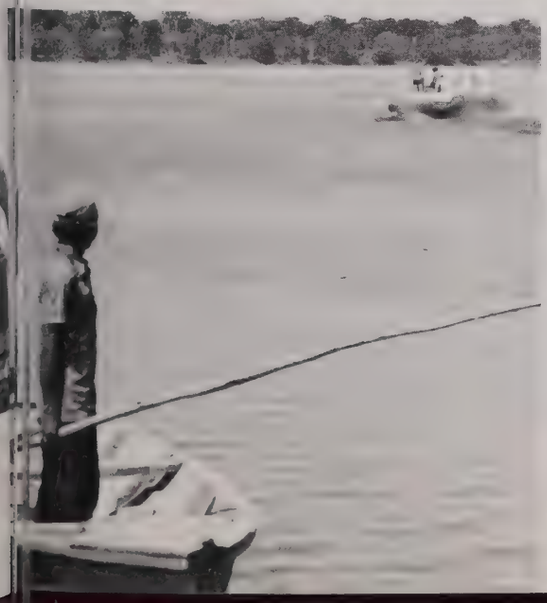
Filming With Cousteau







Dustan measured the chlorophyll levels, temperature, currents and light levels; these tests were designed to help explain the ecological makeup of the river. Among the instruments he used was one that he and a colleague developed at the Scripps Institute of Oceanography in California. The instrument is called a spectroradiometer, and it gives precise measurements of the light as it penetrates the water.

This cruise was Dustan's second aboard the Calypso; in 1974, he sailed to Belize and Jamaica when the Cousteau crew was filming a program on coral reefs. The Amazon voyage was also filmed for television. His biological research has taken him to labs in New York, Jamaica, Israel, Florida, and California as well as the Smithsonian Instituion's Museum of Natural History in Washington.

Tri Delts, Pi Kapps Place First!

For the sixth year in a row, the Pi Kappa Phi Raiders ranked number one over all the other fraternities in Greek Week competition. Among the sororities, Delta Delta Delta placed first, it being their third year for such an honor.

The IFC-and-Panhellenic sponsored Greek Week included two long weeks of competition (March 22–April 3) with such events as water polo, football, swimming, volleyball, and soccer. The scoring also took into consideration academics, skits

performed for Pep Supper, songs at Song Fest, and floats in the Greek Parade.

The grande finale was Greek Day, April 3. All Greeks on campus, along with their friends, met on Remley's Point to make one last try to win first place. The intense competition of tug-o-war, three-legged race, chariot race, egg-toss, keg toss, battling the gnats, as well as several other events proved more and more challenging as the day wore on and the beer flowed.

To top off the week, the Greeks moved to Charles Town Landing for the annual Panhellenic Dance. With music provided by "Sparkle", trophies were awarded and the winners celebrated their victory.

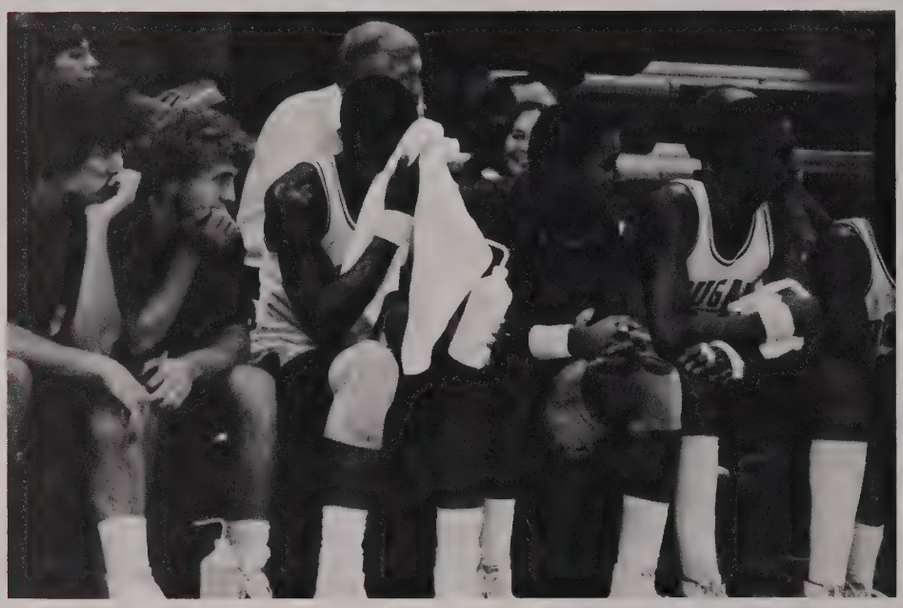
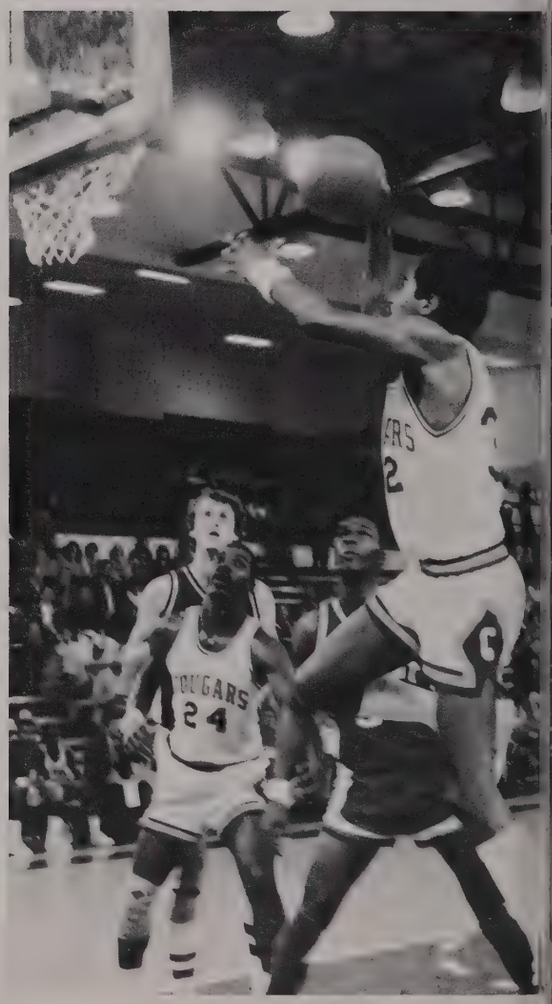
Keeping The Spirit Alive

C of C's Newest Addition

At an estimated cost of $5,410,000, the F. Mitchell Johnson Physical Education Center was finally dedicated on September 7 before a group of 200. It has a "3000 seat basketball/volleyball court, 8 racquetball courts, rooms for gymnastic and other mat activities, a dance studios, locker rooms for athletic teams and students, classrooms and faculty offices."

1983: The Year Of The Cougar





Coach John Kresse lived up to his high standards of Coach of the Year again this year by rallying his team to more outstanding athletic performances.

Providing the seniority to ensure high standards were co-captains Rich Monsees and Stephen Yetman, as well as John Brett and William Coleman. With an average height of 6 feet 3⅓ inches, the Cougars rose above their opponents in quality as well as size.

1) John Marziotti leaps to intercept the ball from a Wofford opponent.
2) He flies through the air with the greatest of ease; Goalie Eric Stone prevents a Baptist College score.
3) Robert Shelton (#15) fights for the ball.
4) Fred Adiyia concentrates on his ball placement in the game against the Citadel.
5) Half the battle is psychological; Goalie David Wittington psyches himself up before the Citadel game.
6) Goalie Eric Stone blocks a goal attempted by a Wofford team member.
7) Troy Robinett (#8) charges down the field towards the Wofford goal.
8) The agony of defeat; Wofford goalie agonizes after he missed the goal that won the game for us. The College was losing 0-2, but scored three goals in the last 20 minutes. The final score: College 3, Wofford 2.

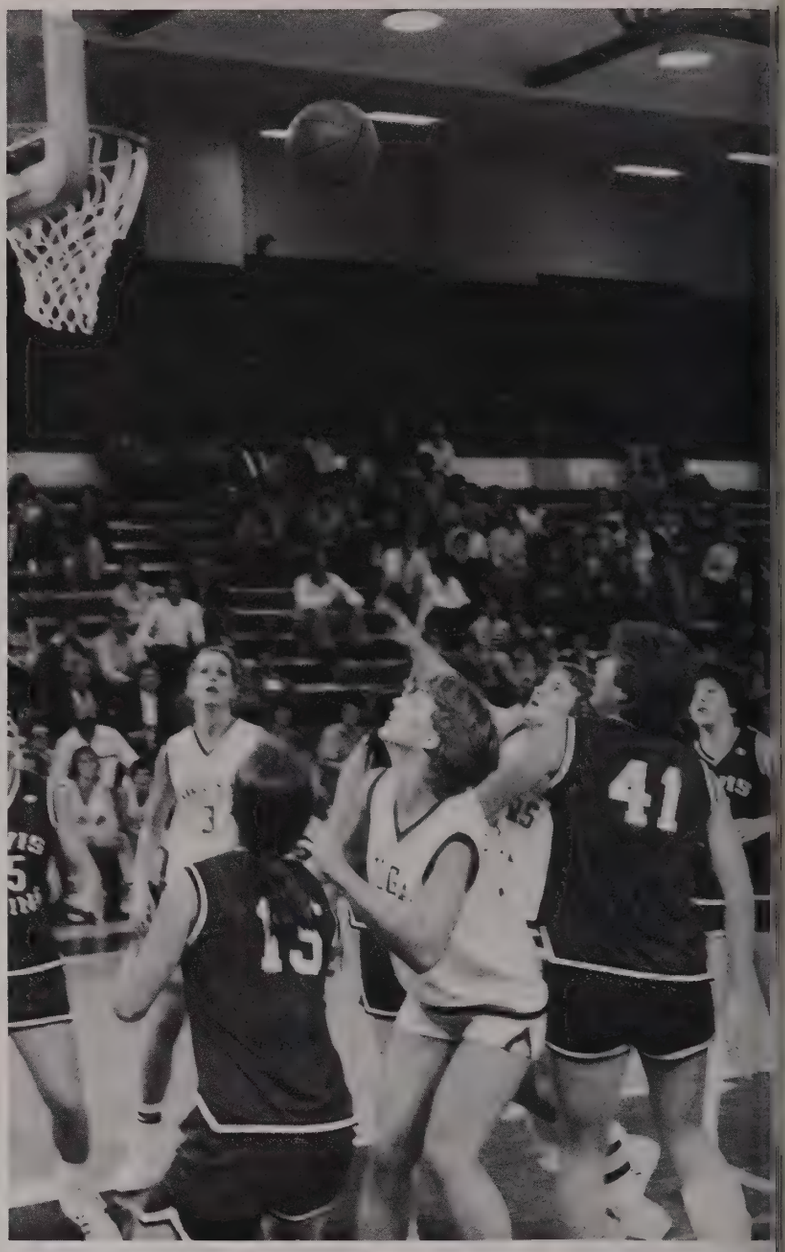
Lady Cougars: "ON THE PROWL"



The Lady Cougars, though young in years, showed that age had very little to do with playing good basketball. Coach Nancy Wilson and Assistant Scooter Barnette led the team of two seniors, one sophomore, and eight freshmen to one victory after another. All-American Seniors Regina Brown and Lisa Schweers provided the experience that complimented their teammates' styles for a successful year.

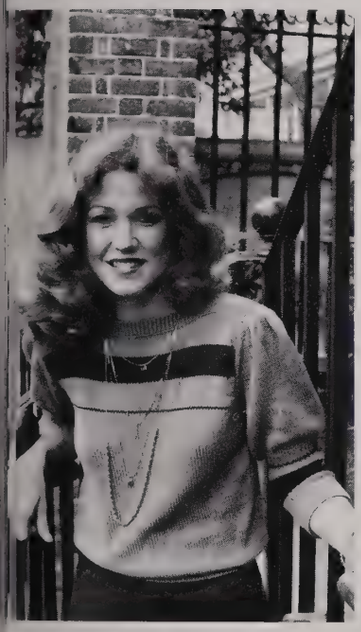
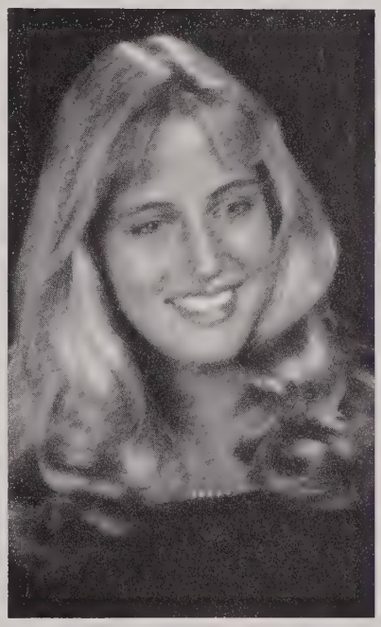
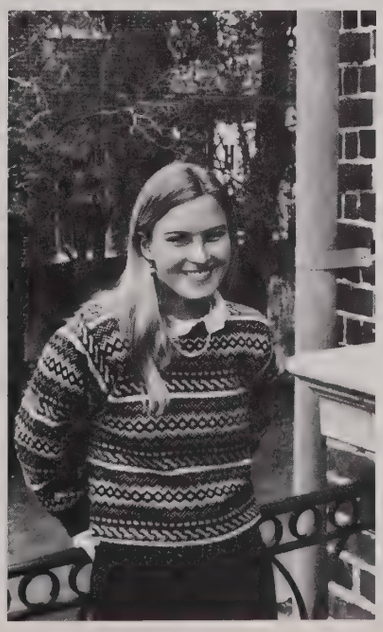
Homecoming '83

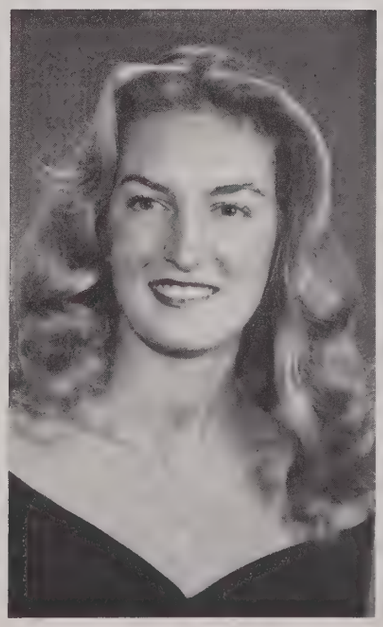
Homecoming was held the weekend of February 4 with a dance Friday night to honor the Homecoming queen contestants. Saturday, during halftime, the name was announced.

Homecoming queen contestants were: Laura Gowdy, Alpha Tau Omega; Joann Alphin, SGA; Katherine Blackman, Phi Mu; Sally Campbell, Tri-Delt; Elizabeth Carmichael, Men's Tennis; Beth Dabney, Kappa Alpha; Kelly Duane, Pi Kappa Phi; Jennie Folson, College Republicans; Jennifer Ginn, SUMA; Valerie Manatis, Boy's Basketball; Karen Hatchell, Women's Basketball; Angie Hickman, Women's Tennis; Diane Megie, ZTA; Lisa Schweers, Alpha Delta Pi; Jayne Simmons, Sailing; Julie Spell, Chi Omega; Kelly Wilkes, Kappa Sigma, Laura Gowdy representing ATO was elected '83 Homecoming Queen.









ATHLETICS FOR ALL

The College's Intramural teams displayed an outstanding amount of sportsmanship as student groups struggled for the first place title. Whether they represented a fraternity, sorority, or independent club, each team displayed considerable athletic ability.

This year's football winners (men's) was SAE, following a long game with the Powerhitters. Zeta Tau Alpha won the women's trophy, with Tri-Delta as runners-up.

In volleyball, Pi Kappa Phi again managed to gain first place in the men's league. The Roaches won for the women, and KA received the prize for the co-ed games.

In "single-man" games, Steve Pasley and Sally Brenner won in racquetball, Earl McElvain and Pat Putz for free throw, and Adam Shafetz and Lynn Morris took first place in tennis singles. Open tennis singles were open to faculty, staff, and students; Joe Harrison of the English department took first place.

Ski Club Hits The Slopes

The College of Charleston's Ski Club took off for Snowshoe, Va. last January 2-8 to hit the slopes with 52 members packed into a bus filled to overflowing with equipment. Seven Springs near Pittsburg, Pa. was the destination for their spring trip. President is Dan O'Donnell, VP is Peter Ferrara, and Michell McVey is treasurer.

Men's Team Places Ninth in 1982

The men's tennis team ranked ninth nationally in the NAIA District 6 Division under the leadership of Coach Billy Silcox for the 1981-82 season. Silcox is "optimistic that the squad can improve in '82-'83 with an all-veteran team returning." Tennis team members for this season were: Huntly Gordon, Robert Fleming, Mike Chapman, Irvy Philpot, Steve Brown, Skip Scarpa, Butch Hefferman, Jeff Quinn, Brian Schaaf, Rob Eppelsheimer and Mark Hodgin.
